**2006/07 The Second Semester**  
**S.1- 3 Enhancement and Enrichment Programme**

**Background:**

With the aid of extra help given to our students, generally performance can be raised and benefits can be seen.

In the second semester, S.1 to S.3 students are again given a chance to experience the benefits of having extra classes with experienced English teachers in our department.

**Methodology:**

The programme is in two parts. The first part focuses on teacher-student-interaction and the second part is about better preparation and experience sharing among teachers.

<b>Programme Activities</b>	<b>Target</b>	<b>Time and Duration</b>	<b>Target skills to be tackled</b>
After school tutorials	More able students	3:45—5:00 5 lessons 23/4, 30/4, 14/5, 21/5, 28/5	Speaking and Writing
Teachers' conference	Less able students	3:45—5:00 5 sessions 23/4, 30/4, 14/5, 21/5, 28/5	Speaking and Writing

Teachers of Group AB and CD will take turns to conduct the after school tutorials. All programme materials should be prepared by those two teachers and the form coordinator should be informed before the conduction of tutorials.

Other teachers should discuss ways to enhance the English proficiency of those less able students and come up with useful ideas and materials.

Evaluation will be made for both activities after the last lesson/session.
