2006-07 First Semester  
S.1 English Enrichment & Enhancement Programmes

GOALS

1. Enrichment Programme

The programme is designed for higher academic achievers in English who rank the highest in the S.1 English Attainment Test. It aims to provide opportunities to widen students’ exposure to English and arouse their interest in learning and boost their confidence in using English.

2. Enhancement Programme

The programme is provided for lower academic achievers in English who have a need to consolidate their basic skills of English. The programme focuses on strengthening their spelling, grammar and punctuation of English. The ultimate aims are to help these students to strengthen their foundation in English, nurture students' motivation in learning English and learn to the best of their ability.

PRINCIPLES

- The programmes are intended to enrich and enhance students' knowledge and skills in English and are not directed specifically towards increasing their level of achievement in their studies.
- The content and teaching methodology of the programmes will be developed co-operatively by the S.1 English teachers.
